MEMORANDUM

TO: Members of the Genesee County Hazard Mitigation Plan Review Committee

FROM: Cody Roblyer, Planning Specialist
Genesee County Metropolitan Planning Commission

DATE: June 10, 2021

SUBJECT: Approval of Draft Genesee County Hazard Mitigation Plan Update

Staff has finalized a draft of the Genesee County Hazard Mitigation Plan Update. This draft document includes background details about the county, input gathered through public and stakeholder involvement surveys, hazard ranking information that was derived by the Genesee County Hazard Mitigation Committee, data collected about the various hazards (e.g. tornadoes, flooding, structure fires, etc.) that have the potential to affect the county, as well as mitigation strategies and specific hazard mitigation projects that were identified by local agencies.

The draft Genesee County Hazard Mitigation Plan Update is now in its public comment period which began May 17th and will end June 18th. A final virtual open house occurred on June 3rd from 11:30 AM – 12:30 PM where attendees asked questions and learned more about the draft hazard mitigation plan. Comments received from the open house and through June 18th will be incorporated into the plan document.

Pending additional comments received until June 18th, staff is requesting the Hazard Mitigation Plan Review Committee to approve the draft Hazard Mitigation Plan Update. This approval will allow staff to finalize and submit the draft plan to the Michigan State Police for review once the public comment period has ended.
